October 1, 2024

Dear Sir/Madam,

It is with mixed emotions that I am announcing the closing of my outpatient practice, effective October 1, 2024. It has been a great pleasure providing for your healthcare needs over the years, and it is not easy for me to give it up. We have included a sample of local psychiatry offices available to assume your care. Of course, you may seek medical care from another doctor if you like. If you do, I recommend looking for a new physician as soon as possible. Your insurance carrier can help you begin your search by giving you the names of doctors in the area who are accepting new patients and accept your insurance. The office here will be available to assist you with completion of the necessary release of information forms should you desire. We are available to assist you with your prescription refills for a period of thirty days from the October 1, 2024, closing. Should you have any further questions please contact our office.
